
WHITE METALS SELLS 9.09% INTERST IN NORTON LAKE PROPERTY

June 29, 2015

Thunder Bay, Ontario: White Metal Resources Corp. (TSX-V: WHM) ("White Metal" or the "Company") would like to announce that it has entered into an agreement with Copper Lake Resources (TSX-V:CPL) ("Copper Lake") pursuant to which Copper Lake will issue to White Metal 2 million Copper Lake common shares for its 9.09% interest in the Norton Lake Project (the "Transaction"). White Metal will also agree to vote its shares as directed by Copper Lake's management for a 24 month period following issuance. There are no other conditions attached to the common shares issued. The Norton Lake project is located in Northwest Ontario and is approximately 413km northeast of Thunder Bay, Ontario. White Metal considers this project as a non-core asset and the Transaction is pending TSX Venture Exchange approval.

In addition the Company would like to announce the resignation of Sam Pillersdorf from the Board of Directors. The Company would like to thank Sam for his years of service and wish him all the best in his future endeavors.

White Metal is also pleased to announce the appointment of Dr. Scott Jobin-Bevans as Vice President of Exploration and Director for the Company. Scott possesses more than 25 years of experience in the mineral exploration industry and is currently serving as Chairman and CEO of Caracle Creek International Consulting. Dr. Jobin-Bevans brings to the White Metal team a strong background in economic geology with international experience in a variety of deposit types and commodities including magmatic sulphides (Ni-Cu), precious metals (platinum group, gold and silver) and base metals (Cu-Pb-Zn). Scott also has numerous years of experience in the public markets and is currently on the board of a number of TSX-V listed companies and has held past positions as a technical advisor, officer and director of with public (TSX and TSX-V) and private companies.

The Company has also received a Termination Notice on the option with Platinum Group Metals regarding its Senecal Lake Property. The property was returned in good standing and is now held 100% by White Metals. The Company will be seeking a new partner to advance the property.

White Metal is a junior exploration company exploring in Canada and currently has 19,316,076 common shares issued and outstanding.

On behalf of the Board of Directors of White Metal Resources Corp.

"Michael Stares"
Michael Stares, President and CEO

NEITHER THE TSX VENTURE EXCHANGE NOR ITS REGULATION SERVICES PROVIDER (AS THAT TERM IS DEFINED IN THE POLICIES OF THE TSX VENTURE EXCHANGE) ACCEPTS RESPONSIBILITY FOR THE ADEQUACY OR ACCURACY OF THIS NEWS RELEASE.

The information contained herein contains "forward-looking statements" within the meaning of applicable securities legislation. Forward-looking statements relate to information that is based on assumptions of management, forecasts of future results, and estimates of amounts not yet determinable. Any statements that express predictions, expectations, beliefs, plans, projections, objectives, assumptions or future events or performance are not statements of historical fact and may be "forward-looking statements."

Forward-looking statements are subject to a variety of risks and uncertainties which could cause actual events or results to differ from those reflected in the forward-looking statements, including, without limitation: risks related to failure to obtain adequate financing on a timely basis and on acceptable terms; risks related to the outcome of

legal proceedings; political and regulatory risks associated with mining and exploration; risks related to the maintenance of stock exchange listings; risks related to environmental regulation and liability; the potential for delays in exploration or development activities or the completion of feasibility studies; the uncertainty of profitability; risks and uncertainties relating to the interpretation of drill results, the geology, grade and continuity of mineral deposits; risks related to the inherent uncertainty of production and cost estimates and the potential for unexpected costs and expenses; results of prefeasibility and feasibility studies, and the possibility that future exploration, development or mining results will not be consistent with the Company's expectations; risks related to gold price and other commodity price fluctuations; and other risks and uncertainties related to the Company's prospects, properties and business detailed elsewhere in the Company's disclosure record. Should one or more of these risks and uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in forward-looking statements. Investors are cautioned against attributing undue certainty to forward-looking statements. These forward looking statements are made as of the date hereof and the Company does not assume any obligation to update or revise them to reflect new events or circumstances. Actual events or results could differ materially from the Company's expectations or projection
