WHITE METAL RESOURCES CORP.
INFORMATION CIRCULAR

(As at January 3, 2018, except as indicated)

The Company is providing this Information Circular and a form of proxy in connection with management's solicitation of proxies for use at the annual general meeting (the "Meeting") of the Company to be held on Wednesday February 7, 2018 and at any adjournments. The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The Company will pay the cost of solicitation.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder's behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or Directors of the Company (the "Management Proxyholders").

A shareholder has the right to appoint a person other than a Management Proxyholder, to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, **Computershare Trust Company of Canada, Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1**, by mail or by facsimile in accordance with the instructions set out in the form of proxy accompanying this Information Circular at least 48 hours before the time of the Meeting or any adjournment thereof, excluding Saturdays and holidays, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NON-REGISTERED HOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of shares or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders because the shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the shares; bank, trust company, trustee or administrator of self-administered RRSP's, RRIF's, RESP's and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (a "Nominee"). If you purchased your shares through a broker, you are likely an unregistered holder.

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the Proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your Shares are voted at the Meeting.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

In addition, Canadian securities legislation now permits the Company to forward meeting materials directly to "non-objecting beneficial owners". If the Company or its agent has sent these materials directly to you (instead of through a Nominee), your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Nominee holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Nominee holding on your behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions.

REVOCABILITY OF PROXY

Any registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a registered shareholder, his attorney authorized in writing or, if the registered shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting. **Only registered shareholders have the right to revoke a proxy. Non-Registered Holders who wish to change their vote must, at least seven days before the Meeting, arrange for their Nominees to revoke the proxy on their behalf.**

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of common shares without par value (the "shares"), of which 37,810,895 shares are issued and outstanding. Persons who are registered shareholders at the close of business on January 3, 2018 will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each share held. The Company has only one class of shares.

To the knowledge of the Directors and executive officers of the Company, no person beneficially owns, controls or directs, directly or indirectly, shares carrying 10% or more of the voting rights attached to all shares of the Company, except the following:

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The main objective of the Company’s executive compensation program is to attract, retain, and engage high-quality, high-performance executives who have the experience and ability to successfully execute the Company’s strategy and deliver value to our shareholders.

The objectives of the Company’s executive compensation program are as follows:

- (i) compensate executives competitively for the leadership, skills, knowledge, and experience necessary to perform their duties;
- (ii) align the actions and economic interests of executives with the interests of shareholders; and
- (iii) encourage retention of executives.

The independent members of the Board, being Elliot Strashin and Alexander Stares (the “**Independent Directors**”) annually review and set remuneration of executive officers. The Independent Directors determined that the executive compensation program should be comprised of the following elements:

- Base Salary – to compensate executives for the leadership, skills, knowledge and experience

required to perform their duties; and

- Long-term Incentive Plan – to retain talented executives, reward them for their anticipated contribution to the long-term successful performance of the Company and align them with the interests of shareholders. The plan currently consists only of incentive stock options.

Process for Determining Executive Compensation

To determine compensation payable, the Independent Directors consider an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Company. In setting the compensation the Independent Directors annually review the performance of the CEO (or President) in light of the Company's objectives and consider other factors that may have impacted the success of the Company in achieving its objectives.

Compensation Policies and Risk Management

The Board has not proceeded to an evaluation of the implications of the risks associated with the Company's compensation policies and practices. Commencing in 2012, the Board intends to review at least once annually the risks, if any, associated with the Company's compensation policies and practices at such time.

The Company has not retained a compensation consultant during or subsequent to the most recently completed financial year.

The Company has not used a "benchmark group" to determine executive compensation levels in the past. However, commencing in 2012, the Company will compare levels with three or four companies in similar industries to determine executive compensation. Total compensation for executive officers includes consulting fees and long-term incentive stock options.

Hedging of Economic Risks in the Company's Securities

The Company has not adopted a policy forbidding directors and officers from purchasing financial instruments that are designed to hedge or offset a decrease in market value of the Company's securities granted as compensation or held, directly or indirectly, by directors or officers. The Company is not, however, aware of any directors or officers having entered into this type of transaction.

Option-based awards

The Company's stock option plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX-V, and closely align the interests of the executive officers with the interests of shareholders.

As the Company currently has no Compensation Committee, the Independent Directors (Elliot Strashin, and Alexander Stares) have the responsibility to administer the compensation policies related to the executive management of the Company, including option-based awards.

Securities Authorized for Issuance Under Equity Compensation Plans

The following table sets forth the Company’s compensation plans under which equity securities are authorized for issuance as at the end of the most recently complete financial year.

Plan Category	Number of Securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a) (c)
Equity compensation plans approved by security holders:	11,736,497	\$0.144	2,396,090
Equity compensation plans not approved by security holders:	N/A	N/A	N/A
Total:	11,736,497		2,396,090 common shares

Under the Company's 10% Rolling Stock Option Plan, options are exercisable over periods of up to 10 years as determined by the Board of Directors and are required to have an exercise price no less than the closing market price of the Company's shares on the trading day immediately preceding the day on which the Company announces the grant of options (or, if the grant is not announced, the closing market price prevailing on the day that the option is granted), less the applicable discount, if any, permitted by the policies of the Exchange and approved by the Board of Directors, subject to a minimum exercise price of \$0.10 as required by the policies of the Exchange. Pursuant to the Plan, the Board of Directors may from time to time authorize the issue of options to directors, officers, employees and consultants of the Company and its subsidiaries or employees of companies providing management or consulting services to the Company or its subsidiaries. The maximum number of common shares which may be issued pursuant to options previously granted and those granted under the Plan is 10% of the issued and outstanding common shares at the time of the grant. In addition, the number of shares which may be reserved for issuance to any one individual may not exceed (without shareholder approval) 5% of the issued shares on a yearly basis or 2% if the optionee is engaged in investor relations activities or is a consultant. The Plan contains no vesting requirements, and permits the Board of Directors to specify a vesting schedule in its discretion.

The Plan contains the following additional provisions:

1. If a change of control (as defined in the Plan) occurs, or if the Company is subject to a take-over bid, all shares subject to stock options shall immediately become vested and may thereupon be exercised in whole or in part by the option holder. The Board may also accelerate the expiry date of outstanding stock options in connection with a take-over bid.
2. The Plan contains adjustment provisions with respect to outstanding options in cases of share reorganizations, special distributions and other corporation reorganizations including an arrangement or other transaction under which the business or assets of the Company become, collectively, the business and assets of two or more companies with the same shareholder group upon the distribution to the Company's shareholders, or the exchange with the Company's shareholders, of securities of the Company or securities of another company.
3. On the death or disability of an option holder, all vested options will expire at the earlier of 365 days after the date of death or disability and the expiry date of such options. Where an optionee is terminated for cause, any outstanding options (whether vested or unvested) are cancelled as of the date of termination. If an optionee retires or voluntarily resigns or is otherwise terminated by the Company other than for cause, then all vested options held by such optionee will expire at the earlier of (i) the expiry date of such options and (ii) the date which is 90 days (30 days if the optionee was engaged in investor relations activities) after the optionee ceases its office, employment or engagement with the Company.
4. If pursuant to the operation of an adjustment provision of the Plan, an optionee receives options (the "New Options") to purchase securities of another company (the "New Company") in respect of the optionee's options under the Plan (the "Subject Options"), the New Options shall expire on the earlier of: (i) the expiry date of the Subject Options; (ii) if the optionee does not become an eligible person in respect of the New Company, the date that the Subject Options expire pursuant to the applicable provisions of the Plan relating to expiration of options in cases of death, disability or termination of employment discussed in the preceding paragraph above (the "Termination Provisions"); (iii) if the optionee becomes an eligible person in respect of the New Company, the date that the New Options expire pursuant to the terms of the New Company's stock option plan that correspond to the Termination Provisions; and (iv) the date that is two (2) years after the optionee ceases to be an eligible person in respect of the New Company or such shorter period as determined by the Board of Directors.
5. In accordance with good corporate governance practices and as recommended by National Policy 51-201 *Disclosure Standards*, the Company imposes black-out periods restricting the trading of its securities by directors, officers, employees and consultants during periods surrounding the release of annual and interim financial statements and at other times when deemed necessary by

management and the board of directors. In order to ensure that holders of outstanding stock options are not prejudiced by the imposition of such black-out periods, any outstanding stock options with an expiry date occurring during a management imposed black-out period or within five days thereafter will be automatically extended to a date that is 10 trading days following the end of the black-out period.

Reference is made to “Particulars of Other Matters to be Acted Upon” for particulars of the Company’s 10% Rolling Stock Option Plan to be presented to shareholders for ratification and approval at this Meeting.

MANAGEMENT CONTRACTS

No management functions of the Company are performed to any substantial degree by a person other than the Directors or executive officers of the Company.

CORPORATE GOVERNANCE DISCLOSURE

A summary of the responsibilities and activities and the membership of each of the Committees are set out below.

National Policy 58-201 establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. National Instrument 58-101 mandates disclosure of corporate governance practices which disclosure is set out below.

Independence of Members of Board

The Company's Board consists of four (4) directors, a majority of whom are independent based upon the tests for independence set forth in NI 52-110. Elliot Strashin, and Alexander Stares are independent. Michael Stares is not independent as he is the President and CEO of the Company, and Scott Jobin-Bevans is not independent as he is the VP Exploration of the Company. If elected Jean-Pierre Colin will be an independent director.

Management Supervision by Board

The size of the Company is such that all the Company's operations are conducted by a small management team which is also represented on the Board. The Board considers that management is effectively supervised by the independent Directors on an informal basis as the independent Directors are actively and regularly involved in reviewing the operations of the Company and have regular and full access to management. The independent directors are however able to meet at any time without any members of management including the non-independent directors being present.

Participation of Directors in Other Reporting Issuers

The participation of the directors in other reporting issuers is described in the table provided under "Election of Directors" in this Information Circular.

Orientation and Continuing Education

While the Company does not have formal orientation and training programs, new Board members are provided with:

1. access to recent, publicly filed documents of the Company, technical reports and the Company's internal financial information; and
2. access to management.

Board members are encouraged to communicate with management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management's assistance; and to attend related industry seminars. Board members have full access to the Company's records.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Company and to meet responsibilities to shareholders. The Board has considered adopting a written Code of Conduct and has decided it is not necessary to adopt such a code at the present time, due to the current activity level of the Company. When the Board has adopted a Code of Conduct, it will be posted on the Company's website.

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. In addition, as some of the directors of the Company also serve as directors and officers of other companies engaged in similar business activities, directors must comply with the conflict of interest provisions of the *Business Corporations Act* (British Columbia), as well as the relevant securities regulatory instruments, in order to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or officer has a material interest. Any interested director would be required to declare the nature and extent of his interest and would not be entitled to vote at meetings of directors which evoke such a conflict.

Nomination of Directors

The Board determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members and the President and Chief Executive Officer. The Board monitors but does not formally assess the performance of individual Board members or committee members or their contributions.

Compensation of Directors and the CEO

The independent Directors are Elliot Strashin, Alexander Stares and, if elected, Jean-Pierre Colin. These Directors have (or will have) the responsibility for determining compensation for the Directors and senior management.

To determine compensation payable, the independent directors review compensation paid for directors and CEOs of companies of similar size and stage of development in the mining industry and determine an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Company. In setting the compensation, the independent directors annually review the performance of the CEO in light of the Company's objectives and consider other factors that may have impacted the success of the Company in achieving its objectives.

Board Committees

As the Directors are actively involved in the operations of the Company and the size of the Company's operations does not warrant a larger Board of Directors, the Board has determined that additional committees (other than the audit committee) are not necessary at this stage of the Company's development.

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Company's development. The Board conducts informal annual assessments of the Board's effectiveness, the individual directors and each of its committees. To assist in its review, the Board conducts informal surveys of its directors, receives an annual report from the Nominating and Corporate Governance Committee on its assessment of the functioning of the Board and reports from each committee respecting its own effectiveness.

Expectations of Management

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Company's business plan.

AUDIT COMMITTEE

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

Approval and Ratification of 10% Rolling Stock Option Plan

The Company currently has a 10% Rolling Stock Option Plan (the "Plan"), which was last approved by the shareholders of the Company on March 15, 2016. The number of common shares which may be issued pursuant to options previously granted and those granted under the Plan is a maximum of 10% of the issued and outstanding common shares at the time of the grant. In addition, the number of shares which may be reserved for issuance to any one individual may not exceed 5% of the issued shares on a yearly basis or 2% if the optionee is engaged in investor relations activities nor is a consultant. Under Exchange policy, all such rolling stock option plans which set the number of common shares issuable under the plan at a maximum of 10% of the issued and outstanding common shares must be approved and ratified by shareholders on an annual basis.

Therefore, at the Meeting, shareholders will be asked to pass a resolution in the following form:

"UPON MOTION IT WAS RESOLVED that the Company approve and ratify, subject to regulatory approval, the Plan pursuant to which the directors may, from time to time, authorize the issuance of options to directors, officers, employees and consultants of the Company and its subsidiaries to a maximum of 10% of the issued and outstanding common shares at the time of the grant, with a maximum of 5% of the Company's issued and outstanding shares being reserved to any one person on a yearly basis."

The purpose of the Plan is to allow the Company to grant options to directors, officers, employees and consultants, as additional compensation, and as an opportunity to participate in the success of the Company. The granting of such options is intended to align the interests of such persons with that of the shareholders. Options will be exercisable over periods of up to five years as determined by the Board of Directors of the Company and are required to have an exercise price no less than the closing market price of the Company's shares prevailing on the day that the option is granted less a discount of up to 25%, the amount of the discount varying with market price in accordance with the policies of the Exchange. Pursuant to the Plan, the Board of Directors may from time to time authorize the issue of options to directors, officers, employees and consultants of the Company and its subsidiaries or employees of companies providing management or consulting services to the Company or its subsidiaries. The Plan contains no vesting requirements, but permits the Board of Directors to specify a vesting schedule in its discretion. The Plan provides that if a change of control, as defined therein, occurs, all shares subject to option shall immediately become vested and may thereupon be exercised in whole or in part by the option holder.

The full text of the Plan is available for viewing up to the date of the Meeting at the Company's Registered Offices located at 1500 – 1040 West Georgia Street, Vancouver, BC, V6E 4H1, and will also be available for review at the Meeting.
